

I-205 Tolling Projects – Tolling Fees

I-205 Project (Abernethy and Tualatin Bridges) & 7 mile Mobility Pricing Project (MPP)

Off-peak Commuter Travel (Least expensive to Date)

I-205 \$.55 x2 bridges = \$1.10 one way (Jan 2026)

50 weeks (5 days a week) round trip commute = \$ 550 Annual Toll

MPP \$.17per mile x7 miles = \$1.19 one way (≈ 2027)

50 weeks (5 days a week) round trip commute = \$ 595 Annual Toll

Combined I-205 and MPP Annual Commute \$ 1,145

An individual one-way trip (I-205 + MPP) would cost \$ 2.29

Peak Commuter Travel (Most Expensive to Date)

I-205 \$2.20 x2 bridges = \$4.40 one way (Jan 2026)

50 weeks (5 days a week) round trip commute = \$ 2,200 Annual Toll

MPP \$.38 x7 miles = \$2.66 one way (≈ 2027)

50 weeks (5 days a week) round trip commute = \$ 1,330 Annual Toll

Combined I-205 and MPP Annual Toll \$ 3,530

Each individual one-way trip (I-205 + MPP) would cost \$ 7.06

Toll Rate Assumptions have been provide by ODOT in their Environmental Assessment Study that was released to the Federal Highway Administration, Feb. 2023, Page 2-5

This analysis has been compiled by the Tualatin Chamber of Commerce, Tualatin, Oregon
